

# HOW TO PLACE A BET

- Before the betting commences your compere will advise you how much the tickets are, to bet on the horse of your choice.
- In each race, have a flutter on the horse that takes your fancy.
- Each race, after the betting desk is closed, a film will be selected at random. The fun form guide will tell you if you have spent your flutter wisely.
- ...And They're Off! Cheer on your horse and remember the "louder you shout, the faster they go!"
- At the end of each race the compere will announce how much the winning tickets are worth.
